Louisiana Shelter at Home Program Hits Milestone

Baton Rouge, LA (October 7) – The Governor's Office of Homeland Security and Emergency Preparedness (GOHSEP) is announcing a milestone for the Shelter at Home Program. More than 1,000 homes have received temporary repairs through this program. Those families now have the ability to stay in their homes while they make long term, permanent repairs.

1,267 homes have been completed. 1,989 are complete pending a final inspection. So far, 20,554 homeowners have applied for the Shelter at Home program. The deadline to submit an application is October 15th.

The Shelter at Home Program evaluates each applicant's home. If up to \$15,000 in temporary repairs can be made to a home creating a safe, secure, habitable place for the family to live while they continue their permanent home rebuilding, then that applicant may be eligible for this program. Contractors and subcontractors involved in the program will perform initial work such as mucking out the house, basic electrical restoration, installing a basic water heater, removing wet wall insulation, and providing up to \$500 in basic cooking or refrigerating appliances. This work will be provided at no out-of-pocket cost to the eligible homeowner. This assistance will not affect determination of any Individual Assistance grant from FEMA.

You will need to provide these items as part of the application process:

- Proof of Ownership (title, deed, mortgage statement, etc.)
- Proof of Residency (utility bill, etc.)
- State Issued ID
- Signed and completed Right of Entry and Indemnification (ROE) form.

(This registration is separate from registering for FEMA assistance)

For more information on this program, or to apply, please contact 1-800-927-0216. Applications may also be submitted online via www.shelterathome.la.gov. Please note that anyone using the online system to submit an application must call the 800 number to speak to a Case Manager to have their documents uploaded and added to their file.

For applicants who do not have internet capability or the ability to complete their application either over the internet or by phone, we will have representatives in the FEMA Disaster Recovery Centers (DRC) frequently during the next several days. You can find the closest DRC at <https://asd.fema.gov/inter/locator/home.htm>.

Find out more about the program at www.shelterathome.la.gov or calling 1 (800) 927-0216.

###

Monitor DOTD's www.511la.org website for updated road closure information. Look for advisories from your local authorities and emergency managers. You can find the latest information on the state's response at www.emergency.la.gov. GOHSEP also provides information on Facebook and Twitter. You can receive emergency alerts on most smartphones and tablets by downloading the new Alert FM App. It is free for basic service. You can also download the Louisiana Emergency Preparedness Guide and find other information at www.getagameplan.org.
